

## Rules for the GU card

### General rules

The GU card is a valuable item. When you order and retrieve a GU card, you are responsible for following the rules that apply to the card. If you break the rules or misuse your card, you may lose your rights to keep it.

- The GU card is personal and may not be used by anyone else. As a card holder, you are responsible for your card and for the services connected to it.
- The card must be stored in a manner so that unauthorized persons cannot access it.
- The PIN code must not be stored in a manner that allows the card and code to be linked together.
- The card must not be labelled so that it can be identified to which premises or buildings it is valid.
- If requested by a security guard or other authorized person, you must present your card.
- You should immediately block a lost card in the Student Portal or in the nearest Servicecenter.
- The card should be handled with care so that it is not exposed to unnecessary damage.
- All use of the GU card is logged. The data is handled in accordance with the rules for IT security at the University of Gothenburg and the Data Protection Regulation (EU 2016/679).
- If you misuse or attempt to misuse the functions on the GU card the university has the right to, for a fixed period or permanently, block one, several or all functions on the card.

### Rules for using the University Library services

I have read the rules that apply when using the library function on my GU card and agree with them:
